Dear Massachusetts Registered Electrologist,

It has been a very busy and productive year for the Massachusetts Association of Electrologists. With the help of both member and non-member electrologists we contacted many of our state legislators and spoke with them about the need to update the definition of electrolysis. The new definition insures consumer protection, growth of the profession and allows electrologists to stay competitive in the hair removal industry. They agreed and on August 6, our requested definition was included in House Bill 4254 and signed into law by Governor Patrick as Chapter 236 of the Acts of 2014. This definition combined with permission from the Division of Professional Licensure, will allow Electrologists, with proper training, to utilize modern technology for hair removal.

The Division of Professional Licensure is currently in the process of organizing the newly combined Board of Registration of Cosmetology and Barbering. MAE will keep you updated as information becomes available.

Next year MAE will celebrate its 65th Birthday and we hope you will join us. As our gift to you we are offering a \$25 early bird discount to all who join by October 31st. In choosing to become a member of the MAE you are supporting your profession directly and ensuring our ability to continue to offer exceptional educational seminars.

MAE Membership includes:

- MAE membership certificate
- MAE membership pin
- Use of the MAE logo for advertising
- Three **free** evening meetings with profession-oriented speakers annually (.2 CEUs each)
- Discounted registration for two (2) all day seminars annually
- Networking opportunities
- Member listing on MAE's website
- Inclusion on MAE's referral list for our Public Information Committee promotions
- MAE Toll-Free Consumer Hotline for member referrals

For your convenience a 2015 MAE Membership Application has been enclosed.

Sincerely,

Julieanne Vasquez RE, CPE
MAE Membership Chair/Secretary
